Enriching young minds since 1990

REGISTRATION FORM 2012 (Please print)

Section A: School information

Principal (or contact person)

School's name

School's address (Street)

Town or City

Province

Postal Code

School's telephone number

Area Code

Section B: Registration for the Contests

Amount

1. Number of participants registered (please write all the numbers in the appropriate spaces)

It is important to clearly show the number of participants that you register in each contest because the **registration fee** (section **B 2**) is established for a maximum of 30 students per contest. For each contest where you register more than 30 students, you must pay an additional amount of \$3.25 for each additional participant. For example, if you register 37 students in the Thales contest, you must write the number 37 in the space at the end of line A and the number 7 (37 - 30) at the end of line B.

- A. Number of participants registered in the **Thales (grade 3)** contest _____
- B. Number of additional participants (over 30) registered in the Thales contest _____
- C. Number of participants registered in the **Byron-Germain (grade 4)** contest _____
- D. Number of additional participants (over 30) registered in the Byron-Germain contest _____
- E. Number of participants registered in the **Fibonacci (grade 5)** contest _____
- F. Number of additional participants (over 30) registered in the Fibonacci contest _____
- G. Number of participants registered in the **Pythagoras (grade 6)** contest _____
- H. Number of additional participants (over 30) registered in the Pythagoras contest _____
- I. Number of participants registered in the **Euler (grade 7)** contest _____
- J. Number of additional participants (over 30) registered in the Euler contest _____
- K. Number of participants registered in the **Lagrange (grade 8)** contest _____
- L. Number of additional participants (over 30) registered in the Lagrange contest _____
- M. Number of participants registered in the **Newton (grade 9)** contest _____
- N. Number of additional participants (over 30) registered in the Newton contest _____
- O. Total of **additional** participants (line **B** + line **D** + line **F** + line **H** + line **J** + line **L** + line **N**) _____
- P. The total cost for additional participants: line O..... x \$3.25

Total B 1 = _____ \$

continued...

2. Registration fee for contests

If your school is participating in only one of the 7 contests, the fee is	95.00\$
If your school is participating in two contests, the fee is	185.00\$
If your school is participating in three contests, the fee is	275.00\$
If your school is participating in four contests, the fee is	365.00\$
If your school is participating in five contests, the fee is	455.00\$
If your school is participating in six contests, the fee is	545.00\$
If your school is participating in seven contests, the fee is	635.00\$
Write in the fee that corresponds to the number of contests in which you will participate	Amount B 2 = _____\$

Section C: Questionnaires with detailed solutions

1. Packages of contest questionnaires with detailed solutions (2001 - 2011)

For each contest and for each year, a package including 2 contest questionnaires and one copy of the detailed solutions is available for \$7.00. Please enter the number of packages needed for each contest in the space provided beside each year. Write in the total number of packages and multiply by \$7.00.

Thales (grade 3) 2008.....2009.....2010.....2011.....

Byron-Germain (grade 4) 2003.....2004.....2005.....2006.....2007.....2008.....2009.....2010.....2011.....

Fibonacci (grade 5) 2001.....2002.....2003.....2004.....2005.....2006.....2007.....2008.....2009.....2010.....2011.....

Pythagoras (grade 6) 2001.....2002.....2003.....2004.....2005.....2006.....2007.....2008.....2009.....2010.....2011.....

Euler (grade 7) 2005.....2006.....2007.....2008.....2009.....2010.....2011.....

Lagrange (grade 8) 2005.....2006.....2007.....2008.....2009.....2010.....2011.....

Newton (grade 9) 2008.....2009.....2010.....2011.....

Total number of packages.....x \$7.00

Total C 1 = _____\$

2. Packages of Pythagoras contest questionnaires with booklet of detailed solutions (1992 - 2000)

Each package includes 9 Pythagoras contests questionnaires and 1 detailed solution booklet (1992 - 2000) and is sold for \$35.95. Write in the total number of packages needed and multiply by \$35.95. These documents (450 problems with solutions) will help you adequately prepare your **grade 3, 4, 5, and 6 students**.

Number of packages..... x \$35.95

Total C 2 = _____\$

Total amount to pay (B 1 + B 2 + C 1 + C 2) = _____\$

All prices include taxes and shipping & handling costs. Please enclose this registration form along with your cheque or money order payable to the "Mathematics Contest Centre" and forward to the following address by **December 23, 2011:**
